LAST NIGHT'S TOM DAVIS BASH

We joined an A-list crowd of 400 **last night** at the Portrait Gallery as **Deloitte** honored its big new fish: former Congressman **Tom Davis**, whose drawing power was obvious as we bumped into **Rahm Emanuel** going in as we were going out.

Tom (do we really have to tell you he's the guy on the left?) with Deloitte's regional chief **Gary Tabach** and federal head **Gene Procknow**. Gene tells us Tom's a perfect fit at Deloitte because he understands technology. "He knows the programs that work and maybe more importantly, those that don't."
