

**Juan Font**  
**SVP, General Management**  
**CoreSite**

Juan Font is CoreSite's Senior Vice President, General Management. He is responsible for driving major improvements across the general management function, improving the development and operations strategy of our growing data center portfolio, and helping to improve revenue growth and the return on invested capital of our data centers. Juan joined CoreSite in 2010 and brings more than 15 years of experience in direct sales and business operations and finance in the data center and telecommunications industries. Prior to joining CoreSite, Juan held direct sales contributor roles with Equinix, covering strategic verticals. He also held roles of increasing responsibility with Teleglobe in financial management and business operations across European markets and increased his understanding of capital-intensive industries at The World Bank Group, where he oversaw investments in the power sector. Juan received a M.B.A. from The Kogod School of Business at The American University and a B.A. in Business Economics and Finance from the Universidad Complutense of Madrid.
